CPAC Committee Charge: Improve outcomes for adolescents in foster care by developing best practices, policies, procedures and statutes which create lasting connections for adolescents, that exit them in a timely fashion from foster care with appropriate caregivers, that reduces the number of children with a goal of APPLA, that pursues legal strategies for keeping connections, and that has appropriate placements for youth that create stability and success while in foster care. This Committee shall not duplicate the work of others, but should instead complement or fill gaps which still exist in Delaware's children protection system.
